

MEHDI AZZAM

FRONTEND WEB DEVELOPER

mehdiazam81@gmail.com | +963 945 279 568 | linkedin.com/in/mehdi-azzam-eng | Syria

PROFILE

Frontend Web Developer with a strong foundation in modern web technologies, specializing in building responsive, accessible, and user-focused interfaces. Experienced with React, TypeScript, and Tailwind CSS, and skilled in collaborating with backend developers to integrate APIs and deliver scalable, high-performance web applications. Passionate about clean code, performance optimization, and continuous learning.

PROFESSIONAL EXPERIENCE

Freelance Frontend Developer | Nov 2023 – Present

- Developed responsive, user-friendly websites and web applications for clients across various industries using React, TypeScript, and Tailwind CSS.
- Built modern frontend interfaces using HTML, CSS, JavaScript, and React, following component-based architecture.
- Converted UI/UX designs into fully functional, mobile-friendly web pages with cross-device consistency.
- Optimized website performance, accessibility, and cross-browser compatibility, improving load times and usability.
- Integrated RESTful APIs and Firebase services for authentication, real-time data, and cloud storage.
- Maintained and updated existing websites, implementing new features and fixing bugs.
- Managed projects independently — planning, development, testing, and deployment — for multiple freelance clients.
